Dipendra Bhardwaj

Sr. SDE @ Bytescare | Ex - Sr. SDE @ Intellewings | Bachelor of Technology in Computer Science
Chandigarh, India

Summary

I'm Dipendra Bhardwaj – a results-driven Software Engineer with over 3 years of hands-on experience in full stack development, cloud solutions, and payment systems. I've built robust, scalable applications using a range of cutting-edge technologies like Rust, Java, .NET, and Python. My journey in tech has seen me architecting real-time monitoring systems, modernizing legacy infrastructures, and optimizing ETL workflows that handle massive datasets.

At Intellewings, I had the chance to lead projects from NFT transaction monitoring systems to dynamic Re-KYC risk assessment solutions, ensuring performance enhancements and streamlined operations along the way. I'm all about writing clean, efficient code while juggling multiple frameworks – from frontend tools like React and Angular to backend frameworks and DevOps essentials like Docker and Linux.

Passionate about continuous learning and collaboration, I strive to combine technical expertise with creative problem-solving. Whether it's crafting a lightweight ORM or innovating data processing pipelines, I'm here to turn complex challenges into smart, scalable solutions.

Let's connect and explore how we can drive tech innovation together!

Experience

Bytescare
Senior Software Engineer
June 2025 - Present (9 months)

Architecting modular, scalable CRM workflows and optimizing REST APIs for performance and reliability.

Developed Dagster-based data orchestration pipelines for automated report generation with AI-driven insights, supporting configurable reports and reliable scheduling.

Collaborating in an agile team for rapid releases, iterative improvements, and continuous integration.

IntelleWings

2 years 11 months

Senior Software Engineer

November 2024 - May 2025 (7 months)

Chandigarh, India

Sr. SDE 1 @ Intellewings | Bachelor of Technology in Computer Science

Software Engineer

July 2023 - November 2024 (1 year 5 months)

Chandigarh, India

SDE @ Intellewings | Bachelor of Technology in Computer Science

Software Engineer

July 2022 - June 2023 (1 year)

Chandigarh, India

SDE @ Intellewings | Bachelor of Technology in Computer Science

Education

GLA University

Bachelor's degree, Computer Science · (May 2019 - March 2023)
